Introduction

The Origin of the Department of Commerce

Though many may not be aware, Department of Commerce (which was formally known as 'Bureau of Commerce & Industry') has its origin which goes back to 1931. The Ceylon (State Council) Order in Council 1931 replaced the Ceylon (Legislative Council) Order in Council 1923 as the new Constitution of Ceylon in 1931, which was introduced under 'Donoughmore Commission'. This became one of prime instrument of constitutional reform in 'Ceylon'.

The Executive Committee on "Labour, Industry and Commerce" was one of the seven Executive Committees created under Section 32 of the new Constitution. The State Council of Labour, Industry and Commerce was assigned the subjects of Commerce, the functions of the Registrar General, Industrial welfare and Labour. The 'Bureau of Commerce & Industry', the predecessor organization, functioned as a key institution dealing with foreign trade policy formulation of 'Ceylon'. The Department of Commerce (and Industry) was created in 1938.

At both policy and implementation levels, the Department functions exclusively as the national focal point for the UNCTAD, GATT/ WTO, UNESCAP, and other international organizations such as Common Fund for Commodities, ITC, WTO Law Reference Centre.

Functions of the Department of commerce

A) MULTILATERAL AFFAIRS:

- *Promoting and safeguarding Sri Lanka's foreign trade interests within the WTO-led multilateral trading system. This includes several tasks, inter-alia (a) representing Sri Lanka at the Doha Round of Trade negotiations, (b) addressing any bottlenecks/obstacles, which hamper Sri Lankan exports in the international market due to restrictive trade policies introduced by other countries, (c) negotiation of special and differential treatment for Sri Lankan products and (d) facilitating measures for prevention of any unexpected injuries to domestic industries.*
- *Securing trade-related technical assistance from international institutions such as International Trade Center (ITC), WTO, and UNCTAD for trade-related capacity building in Sri Lanka.*
- *DoC is also the focal point in Sri Lanka for UNCTAD, which has a mandate to provide support to developing countries on policy and development issues and promoting South-South trade.*

B) REGIONAL AFFAIRS:

- DoC is the focal point for negotiation and implementation of Sri Lanka's regional trade agreements (RTAs). The RTAs make a significant contribution in integrating Sri Lanka to different regional markets. At present, Sri Lanka is a member of the SAARC Preferential Trading Agreement (SAPTA), the South Asian Free Trade Association (SAFTA) and the Asia-Pacific Trade Agreement (APTA).

Since Sri Lanka gains a much better market access to both India and Pakistan, the two largest markets in the SAARC region, under its FTAs with them, Sri Lankan exports under SAFTA/SAPTA have remained rather modest. China and South Korea are the main markets for Sri Lankan exports under APTA. Sri Lanka has exported a total of US\$ 118.69 million worth of goods to APTA member countries in 2015, consisting of coir fibre, apparel, rubber products, porcelain items, tea etc.

C) BILATERAL AFFAIRS

- DoC is the focal point for Sri Lanka's FTAs with India (ISFTA) and Pakistan (PSFTA). Sri Lanka has been able to diversify its exports in an impressive manner under these FTAs, particularly under the ISFTA.
- The EU is the largest export destination of Sri Lanka. Consequently, any changes to the EU trade policy can have a significant impact on Sri Lankan exports, both directly and indirectly. In the circumstances, the DoC has been playing an increasingly important role in monitoring the constant EU trade policy changes for the purpose of ensuring sustainable access for Sri Lankan products in the European market. EU trade preference programs (GSP, GSP+ EBA), Rules of Origin, Control Measures on fishery products and other commodities, EU's FTAs with other countries are some of the examples in this context.
- DoC also conducts Joint Commissions with Bangladesh, Belarus, China, Egypt, EU, Iran, Iraq, Jordan, Kuwait, Thailand and Turkey. These joint commissions provide an effective mechanism for enhancing inter-governmental cooperation, which is extremely beneficial for the development and expansion of Sri Lanka's economic interest in the countries concerned.
